District 76: Rep. Andrew Skoog, 221 E. St. Paul St, Spring Valley 61362. 815.664-2717

## PETITION TO SAVE OUR CANAL 2016

Beginning on January 1, 2013, the State of Illinois enacted a \$2.00 increase in motor vehicle fees for the specific purpose of providing aid to the State's declining Parks. The fee was expected to generate an <u>additional</u> \$20 million per year for that purpose.

Yet, our parks continue to decline and are threatened with closure.

We the undersigned urge all policy and law makers to work against further neglect of the Hennepin Canal Parkway and to actively pursue steps to repair, restore and preserve our 107 year old waterway which is used and enjoyed by thousands of citizens each year.
